Dear Shen Yun Performing Arts,

It is a great pleasure to hear that the Shen Yun Performing Arts Company will be returning to Sacramento to celebrate its 10 year anniversary. The Shen Yun Performing Arts Company has been a valuable contributor to the presentation, education, and preservation of the wonder of Chinese history. Coming from a country where the magnificent culture was almost lost by the rule of a Communist regime, I applaud the Shen Yun Arts Company for keeping the beauty of Chinese culture alive and on display for people around the world to enjoy.

It is my honor to welcome you back to Sacramento, and I wish you the best of luck on the world tour of your phenomenal show. The State of California and the Sacramento region are proud once again to host your performance. May you continue to entertain and educate many more audiences with your beautiful art, music, and history.

Sincerely,

BETH GAINES  
Assemblywoman, 6<sup>th</sup> District
